

FOSTER PARENT APPLICATION & AGREEMENT (CATS)

Foster Applicant's Understanding of WBARS Expectations

Name: _____

Phone #: _____

1. I understand that any cat placed with me by WBARS is the property of WBARS and cannot be adopted out, given away or in any other way transferred without the express permission of WBARS. The cat must be surrendered to WBARS on demand.
2. I agree to keep WBARS informed of any changes in the health/behavior of any cat in my care.
3. Unless otherwise specified, WBARS cats will be kept separate from my own household pets for the well being of both. I understand that it is my responsibility to keep my own pets up to date with vaccinations and I understand that bringing in foster animals could possibly increase risk to my pets if I fail to keep them current.
4. I will give WBARS fair notice of any intention to be away from home which will involve the cat needing alternative placement.
5. I will not hold the Wild Blue Animal Rescue and Sanctuary responsible if a foster pet causes injury to another animal or damage to property during the fostering process.
6. If I rescue a cat or bring in a stray cat myself, it will remain my own responsibility until/unless WBARS can place it AND they will be kept separate from WBARS foster cats/kittens.

What Foster Parents can expect from WBARS:

1. Unless I am told otherwise, IN ADVANCE, I can expect the cat I receive to be in good health, tested for Felv/Fiv, and, if old enough, treated with Revolution to prevent placing felines with fleas, ticks, ear mites, etc.. I understand that not all cats will be already vaccinated, depending on their age and health status. I ALSO UNDERSTAND THAT IT IS POSSIBLE FOR CATS TO BE CARRYING DISEASES NOT READILY APPARENT, and for that reason I will keep my own pets separate from my foster pets.
2. If the cat has known behavior issues, I will be informed in advance.
3. I understand that visits to a veterinarian with a foster pet must be pre-authorized by WBARS; if pre-approved, I will not incur any expense. If not pre-authorized, I understand that I will be responsible for the vet bills.

I have read the conditions above and am applying to be a Foster Parent for felines from the Wild Blue Animal Rescue and Sanctuary. I understand that there will be a home visit to certify my home for foster care of kittens/cats.
